

# STAGEFAB

CUSTOM MANUFACTURING INC.

Let's work together and do our part to prevent the spread of COVID-19. Wearing a non-medical mask is an additional measure you can take to protect yourself.

Our Stagefab team has created a re-usable, washable, non-medical grade personal face mask and are manufacturing these locally in our Burnaby office. These have been washed in soap and water and are stored in individual plastic bags.

Our face masks are retailing at \$15.00 each. These can be paid for over the phone by credit card and either shipped directly to you or available at Stagefab for curbside or contactless pickup at our Burnaby location.

Please contact us if you have any further questions about placing an order at [sales@stagefab.com](mailto:sales@stagefab.com)

Face masks are to be worn while practicing physical distancing. While wearing them it is recommended to avoid touching your face and continue to wash your hands frequently with soap and water.

Please note that these are not to be used as a replacement for the N-95 surgical mask.

Due to the current COVID-19 crisis and the possibility of contamination to the mask(s) all sales are final. We are not able to give refunds or allow returns.

Stagefab wishes everyone the best of health during this time. Stay safe.
